## Sober During Sentencing

I wrote this letter to myself while serving my sentencing for my last drinking debauch on February 8<sup>th</sup>, 2020. Through the program of A.A. I was able to face sentencing in January 2021, knowing I could stay sober, and potentially carry the message of Alcoholics Anonymous. To the day I transcribe this letter, almost another year later, I am still sober. My Higher Power provided the opportunity, but it was up to me to take the action.

Keith P., Old Homestead

January 31, 2021

Dear Keith,

Hey there buddy. So, have you finished learning your lesson? You have Easily spent several years in a difficult life. You have also made this time miserable for those around you. Keith, you have left a large path of destruction behind you. Do you think you are man enough to re-build? Do you not think you deserve to sit and rot right here in county jail? What are you going to choose for yourself? You can choose to drink again. You haven't died yet. There is still time to "party," right?

Do you think there is much to gain for that life? I believe the record says no. Do you feel proud of the man you are or the example you are setting? If so, go have another beer. If you are lucky, it will be your last. If not, who knows? Locked up again? Crazy house?

THANKS TO OUR READERS!!

*We now have a small backlog of stories! So, if you have contributed recently, look forward to seeing your story in print soon.*

Maybe homeless, jobless, car-less, penniless, less-family, prideless, and hopeless. Dust off Keith. You found a better way out and you know it is much more than just that! Show me who you can be and prove the existence of hope. Even if you do not receive any return other than sobriety, you will find riches. A Miracle from God! Do not let your past ruin the present and destroy the future. Use the past to learn in the present to improve the future. The rest, God will sort out.

Love, Keith

## Commonality

### Commonality

I always felt different. I thought that I was unique in some sort of way. From the time I was very young I felt that internally the feelings and emotions I experienced were different from the way my peers experienced them. I saw that played out by my restlessness, irritableness, and discontentedness in any situation that did not turn out the way I had envisioned. Way before I ever took my first drink I had similar thoughts and reactions to events in my life or interactions with people than I did after I took my first drink. The only thing I didn't have yet was my temporary solution to these problems—alcohol.

I took my first drink when I was 11. My older brothers were having a party around the corner; my friends and I showed up and when we left my friends carried me home. The very first time I drank, I drank to excess. The same way I did over the next 12 years of my *drinking career*. My

## Commonality

drinking worsened as alcoholism is a progressive illness.

Every aspect of my life was radically impacted from alcohol at an early age. My relationships with family and friends, internally and externally, all suffered due in part to my newfound *solution* to how to deal with life. Those are just the external factors. The internal stuff is what was eating me alive. I did not want to feel the way I felt anymore. First I tried counseling. There wasn't a mutual understanding of the way I felt. And at this time I couldn't purvey the thoughts and feelings I was experiencing. Looking back, all of this could've been summed up by the statement, "I am an Alcoholic," but I could not see until I could see. I tried different types of drinking at different times and places; I tried exercise and I tried moving to different locations, yet no matter where I went, there I was, with a progressive illness of alcoholism.

At 21 years old and having made every attempt I could think of to try to fix the way I felt, someone, somewhere—I really don't recall exactly who—mentioned that maybe I should give Alcoholics Anonymous a thought. I did, for about a month. I thought really hard about how to find this place. I knew where it was at and I knew when it was. I "finally decided" I would check it out a handful of times until I actually just did it. I did not know what to expect.

It was a speaker meeting, and this towering man who must've been 50 years my elder spoke about his relationship with alcohol, the way he was before alcohol, and how it made him feel. The way this man described the way he felt the first time he drank in the 1950's was the same exact way I felt when I took my first

drink decades later! I felt relieved to know other people were like me. I realized I wasn't alone as I previously thought.

It took a few more years and many, many surrenders to be sober, but if it had not been for the commonality I had with the man at that first meeting, I don't know if AA would have been appealing enough for me to keep coming back. I know now that I am no longer alone. For that I am tremendously grateful.

Preston C., OKC

*"Looking back, all of this could've been summed up by the statement, "I am an Alcoholic," but I could not see until I could see."*

*Next, we have a story about one person's individual idea of "God as we understood Him." AA allows for each alcoholic to choose his or her own conception of a Higher Power.*

## Another Step Eleven

During my fourth year of sobriety, I started my third eleventh step. I realized it was time to get in better conscious contact with God. As I began my prayer and meditation over this, for the next few months, God always reminded, My Word will speak to you with a guiding hand. The more I prayed the more God lead me back to HIMSELF though His Word. Along with my Sunday morning prayer and meditation I began to view different TV gospel Preachers, found one I understand and agree with. At the

## Another Step Eleven

end of each service, he would say if you've accepted Christ today, get in a good Bible based Church. This was not happening with ME! I refused to be a part of Organized Religion! The following year I was still struggling with going to Church. I had fallen into my comfort zone of belief. But I was still searching for more spiritual knowledge.

I was asked to attend Church and listen to the new preacher. I declined. I had been asked by three different people to attend the same Church. No thanks, only day off all the excuses. Until, that undeniable request came. And I ask, "Mom what do you want for Mother's Day", MY answer was this, All I want for Mothers Days is all my children to attend Church with your Father and I on Mother's Day" .

Without a thought I said yes. I now enjoy Church Services and the fellowship. My spiritual journey now feels more successful. I now believe and feel in my heart and soul; I have found my spiritual pathway for life-long journey. I know for sure, suit up and show up for meetings, continue to follow the steps, and traditions of A.A. And now attend Church Services so I may enjoy the privilege to serve God through Christ.

## Step 3

“Made a decision to turn our will and our lives over to the care of God as we understood Him.”

“Practicing Step 3 is like the opening of a door which to all appearances is still closed and locked. There is only one key, and it is called will-  
ingness.”

## Tradition 3

“The only requirement for AA membership is a desire to stop drinking.”

“This tradition is packed with meaning. For AA is really saying to every serious drinker, ‘you are an AA member if *you* say so. You can declare yourself in; nobody can keep you out.’”

## Concept 3

“To insure effective leadership, we should endow each element of AA—the Conference, the General Service Board and its service corporations, staffs, committees, and executives—with a traditional ‘Right of Decision.’”

ARE YOU LOOKING FOR SERVICE WORK?

# The OKC Intergroup Service Office needs Phone Volunteers!

### In Office

Shifts are two hours long, Monday through Friday. You may work one shift a week as a regularly scheduled volunteer or more as a substitute. Examples include: Tuesday from 1-3 or Fridays from 9-11. There is no sobriety minimum, but you **MUST** be an alcoholic in recovery. For more information, please contact the Intergroup Office at 405-524-1100. It is a great way to learn about meetings throughout the OKC Metro and the rest of Western Oklahoma!

### After Hours

Shifts are overnight on weekdays (6pm to 7am) or one of three shifts on the weekends (7am to 12pm, 12pm to 6pm, or 6pm to 7am). A volunteer must be sober for at least one year and must have a home group they regularly attend. Positions become available regularly, so if you are interested, please call us at 405-524-1100 for more details. This is an outstanding way of being the alcoholic's first contact with AA. We have volunteers who will speak with them day or night. You become the bridge between the two.

## Pamphlet of the Month:

---

Why do young people need their own pamphlet? Well, to begin with:

“Coming in to AA as young people, we found that there were common challenges to face. In the beginning, we often felt we were too young to be alcoholics. Some of us didn’t drink for a long time; others didn’t drink hard liquor, stumble around, or forget what we did or said when drunk. Being young in the everyday world we face peer pressure, stressful relationships with our parents, and parties being a way of life. In AA, we often feel different because we may be the youngest person in our group, and some have even had an uninformed older member discourage us by saying things like ‘I spilled more booze than you drank.’”

Sounds frustrating, doesn’t it? And how are young people supposed to decide for themselves if they’re an alcoholic with all of that going on? Well, this pamphlet can help them decide. It gives the stories of a number of young people who have discovered that AA is a solution to their drinking problem and everything else that goes with it. And if all else fails, hey, there’s a great quiz at the back of the pamphlet which will really help them decide!
